

**When counting backwards from 62, which number is the next?**

**When counting backwards from 10, which number is the next?**

**When counting backwards from 5, which number is the next?**

**When counting backwards from 57, which number is the next?**

**When counting backwards from 26, which number is the next?**

**When counting backwards from 76, which number is the next?**

**When counting backwards from 9, which number is the next?**

**When counting backwards from 78, which number is the next?**

**When counting backwards from 17, which number is the next?**

**When counting backwards from 35, which number is the next?**

**When counting backwards from 51, which number is the next?**

**When counting backwards from 31, which number is the next?**

**When counting backwards from 81, which number is the next?**

**When counting backwards from 56, which number is the next?**

**When counting backwards from 13, which number is the next?**

**When counting backwards from 3, which number is the next?**

**When counting backwards from 2, which number is the next?**

**When counting backwards from 28, which number is the next?**

**When counting backwards from 25, which number is the next?**

**When counting backwards from 59, which number is the next?**

**When counting backwards from 33, which number is the next?**

**When counting backwards from 54, which number is the next?**

**When counting backwards from 83, which number is the next?**

**When counting backwards from 42, which number is the next?**

**When counting backwards from 84, which number is the next?**

**When counting backwards from 58, which number is the next?**

**When counting backwards from 20, which number is the next?**

**When counting backwards from 47, which number is the next?**

**When counting backwards from 55, which number is the next?**

**When counting backwards from 53, which number is the next?**

**When counting backwards from 75, which number is the next?**

**When counting backwards from 71, which number is the next?**

**When counting backwards from 67, which number is the next?**

**When counting backwards from 41, which number is the next?**

**When counting backwards from 37, which number is the next?**

**When counting backwards from 69, which number is the next?**

**When counting backwards from 12, which number is the next?**

**When counting backwards from 38, which number is the next?**

**When counting backwards from 27, which number is the next?**

**When counting backwards from 45, which number is the next?**

**When counting backwards from 8, which number is the next?**

**When counting backwards from 43, which number is the next?**

**When counting backwards from 23, which number is the next?**

**When counting backwards from 49, which number is the next?**

**When counting backwards from 87, which number is the next?**

**When counting backwards from 60, which number is the next?**

**When counting backwards from 68, which number is the next?**

**When counting backwards from 52, which number is the next?**

**When counting backwards from 74, which number is the next?**

**When counting backwards from 63, which number is the next?**

**When counting backwards from 36, which number is the next?**

**When counting backwards from 72, which number is the next?**

**When counting backwards from 11, which number is the next?**

**When counting backwards from 32, which number is the next?**

**When counting backwards from 65, which number is the next?**

**When counting backwards from 61, which number is the next?**

**When counting backwards from 4, which number is the next?**

**When counting backwards from 66, which number is the next?**

**When counting backwards from 73, which number is the next?**

**When counting backwards from 50, which number is the next?**

**When counting backwards from 86, which number is the next?**

**When counting backwards from 15, which number is the next?**

**When counting backwards from 44, which number is the next?**

**When counting backwards from 16, which number is the next?**

**When counting backwards from 34, which number is the next?**

**When counting backwards from 46, which number is the next?**

**When counting backwards from 82, which number is the next?**

**When counting backwards from 30, which number is the next?**

**When counting backwards from 21, which number is the next?**

**When counting backwards from 19, which number is the next?**

**When counting backwards from 70, which number is the next?**

**When counting backwards from 24, which number is the next?**

**When counting backwards from 79, which number is the next?**

**When counting backwards from 40, which number is the next?**

**When counting backwards from 7, which number is the next?**

**When counting backwards from 6, which number is the next?**

**When counting backwards from 85, which number is the next?**

**When counting backwards from 90, which number is the next?**

**When counting backwards from 77, which number is the next?**

**When counting backwards from 1, which number is the next?**
