

Calculate the result for the following addition.

$$30 + 90 = \boxed{}$$

Calculate the result for the following addition.

$$20 + 40 = \boxed{}$$

Calculate the result for the following addition.

$$60 + 70 = \boxed{}$$

Calculate the result for the following addition.

$$90 + 20 = \boxed{}$$

Calculate the result for the following addition.

$$80 + 50 = \boxed{}$$

Calculate the result for the following addition.

$$80 + 50 = \boxed{}$$

Calculate the result for the following addition.

$$10 + 80 = \boxed{}$$

Calculate the result for the following addition.

$$40 + 30 = \boxed{}$$

Calculate the result for the following addition.

$$70 + 10 = \boxed{}$$

Calculate the result for the following addition.

$$50 + 60 = \boxed{}$$

Calculate the result for the following addition.

$$10 + 80 = \boxed{}$$

Calculate the result for the following addition.

$$90 + 20 = \boxed{}$$

Calculate the result for the following addition.

$$60 + 70 = \boxed{}$$

Calculate the result for the following addition.

$$30 + 90 = \boxed{}$$

Calculate the result for the following addition.

$$50 + 60 = \boxed{}$$

Calculate the result for the following addition.

$$60 + 70 = \boxed{}$$

Calculate the result for the following addition.

$$70 + 10 = \boxed{}$$

Calculate the result for the following addition.

$$40 + 30 = \boxed{}$$

Calculate the result for the following addition.

$$20 + 40 = \boxed{}$$

Calculate the result for the following addition.

$$20 + 40 = \boxed{}$$
